Hi David, Maria –

I hope you're having a good Memorial Day. I wanted to send back an updated launch press release and confirm that Jack Potter would put his name to the quote in it.

Additionally, we wanted to see if he might also submit an op-ed for launch to continue to carry the news in DC. We would work to have it placed this week. A draft is attached for consideration.

Please let us know what you think.

Thanks,
Adam

rather the characterization of congressional convenience come from the coalition rather than MWAA.

Thanks,
David

David and Maria –

We're working through some of our Coalition launch-day materials including a press release to go out the morning of launch including some quotes from stakeholders. We would like to include a quote from WMAA if you are open to it. Attached is the draft release as it stands now. Would WMAA like to be quoted? If so, thoughts or edits to the quote included in the attached draft release?

If possible, we would like to circulate an updated draft to you all, Scott York and others this afternoon. Any quick clarity on a quote from you all would be greatly appreciated.

Let me or Adam know if you'd prefer to chat via phone if that's easier. Thank you!

Julie
