No worries! Please find the email attached.

On a slot/perimeter related note, we are working closely with United to pull together an "inside the perimeter / outside the DMV" 'Dear Colleague' on the House side ahead of their markup next week. It is projected for June 14 or 15 and we hope to drop that to committee leadership either end of this week or early next.

I additionally wanted to provide the latest list of CAA coalition members. We have been successful in removing a few but, in the last week (post-CPARA launch) they've added about a dozen new members.

Please let me know if there's any other data/details I can send your way.

Maria

authenticity of the message.

Thank you! Bcc or forwarded after the fact would be my preference, just to keep the channel between you and Hickman clean.

Hi Jay,

I'm actually putting the finishing touches on my message to Robert. Would you like me to cc or bcc you on my message? I can also forward or send it as an attachment.

Let me know your preference!

Maria

Hi Jay,

Robert also emailed me the same. I am checking with a few different folks internally and hope to have an answer ASAP!

Subject: Perimeter Rule Question

Hey guys—

The Port Authority of New York and New Jersey has a perimeter rule for LaGuardia Airport. It's a regulation instituted by the airport authority itself. Is there something that bars MWA from instituting its own perimeter rule for DCA, separate and in addition to the statutory perimeter rule currently in effect?

Thanks,

Rob

Robert A. Hickman
